

It's easy to manage your debit account and protect yourself from fraud with My Mobile Money Access. Tyler City Employees' Credit Union offers the My Mobile Money Access app, you can set up your debit account, and then manage and monitor it wherever you go! My Mobile Money technology enables **YOU** to control your card access without having to place a call to Tyler City Employees' Credit Union staff. You can set up security measures right from your phone to help you avoid the hassles of account fraud.

You have the following features are:

- Balance inquiry – Quickly check how much money you have in your account to avoid overdrafts.
- Balance transfer – Easily transfer funds between accounts associated with your debit card.
- Ability to turn your card on and off – Mismatch your card? Simply turn it off until you find it!
- Ability to alert and deny transactions based on merchant type, location and transaction amount – Protect your account from transactions you wouldn't normally make.
- Control other cards associated with the account – If you have multiple cards, you can set controls for all associated cards.
- Fraud alerts – Receive alerts if a transaction is conducted using your account that is suspected of being fraudulent.

Call us and ask us how you can get set up with My Mobile Money Access today or go to your apple app store or google play store and download.
